At Least 3 Feet!

To my Vermont Senators and Representatives:

I am a Vermont voter and support the Vermont Bicycle and Pedestrian Coalition sponsored "3 Foot Rule" law that:

- Defines a safe passing distance of at least 3' for a vehicle passing a bicycle.
- Ensures that vehicles leave room for cyclists when turning right.
- Allows cyclists to use left and center lanes for turning.
- Allows bicycles to pass stopped vehicles on the right at their own risk.
